OFFICIAL INVITATION TO PARTICIPATE IN THE FIRST INTERNATIONAL PHARMACEUTICAL EXHIBITION AND CONFERENCE — 2027

The Ministry of Health of the Republic of Iraq is organizing the **First Annual Pharmaceutical Exhibition and** Conference, to be held on the grounds of Baghdad International Fair. The event is **organized by Golden** Falcon Company for Exhibitions and Conferences, and will take place from 18 - 21 April 2027

The Iraqi Ministry of Health cordially invites you to participate in the above-mentioned exhibition, which is held under the auspices of the Ministry of Health of Iraq. The exhibition aims to connect pharmaceutical manufacturers, investors, and researchers with the latest advances in biotechnology within the pharmaceutical sector, while highlighting quality standards, strengthening pharmaceutical security, supporting local production, and facilitating the entry of medicines of reliable origin and moderate prices that serve the healthcare needs of Iraq. The exhibition will showcase the full range of medicines, medical supplies, and materials used in surgical procedures.

This participation is further reinforced by the involvement of health insurance companies and the industrial regulatory bodies of the Ministry of Industry and Minerals, together with the professional syndicates — the Iraqi Medical Syndicate, the Iraqi Pharmacists Syndicate, and the Iraqi Dental Syndicate — given their role as the scientific bridge between companies and physicians. Their presence lends the event both scientific credibility and regulatory oversight.

Through this event, the Ministry of Health seeks to open new channels for medicines, pharmaceutical preparations, and medical supplies, creating an environment of open and healthy competition centered on quality and reliability. This contributes to improving Iraq's pharmaceutical and healthcare landscape and opens future prospects for foreign pharmaceutical companies to invest in Iraq's pharmaceutical sector in service of the country's healthcare needs.

Dr. Abdul-Hussein Al-Moussawi
Minister of Health
