Excellency,

Greetings from the Rawalpindi Chamber of Commerce and Industry!

I am pleased to introduce that Rawalpindi Chamber of Commerce and Industry, the house of over 7000 business affiliates and was established in 1952. Our aim is to empower businesses and ultimately the economy of the country and to increase the trade among the region. We have the credit of organizing different national and international conferences and exhibitions in the countries like UK, USA, Nepal, India and Sri Lanka.

Keeping in view of the strategic importance of Gwadar and CPEC, this year we are organizing 10<sup>th</sup> APCPCI conference in **Gwadar** from **11<sup>th</sup> to 14<sup>th</sup> March, 2018**, where from Pakistan the presidents of chamber from all across Pakistan will gather to discuss topics of national and international interest.

We are also inviting various stakeholders from neighboring countries to discuss the pertinent issues related to regional connectivity. This will be a mega event and will attract not only domestic investors, but also foreign investors, and provide a gateway for further investment in the region.

In this regard, **we request you to facilitate us by inviting your Chamber and trade bodies to participate and represent the business community of your country by explaining their investment and business opportunities to enhance the regional trade.**
