

## **7- Type of Delivery and Conditions; FCA, any warehouse in Mersin**

-The loading will be carried out by means of sealed and sealable vehicles suitable for transporting food and product to the free zone.

-Daily loading rates are;

1,000 tons for bulk natural chickpeas,

150 tons for 9 mm calibrated chickpeas in a sack (in Big bag),

400 tons for 8-9 mm calibrated chickpeas in a sack (in Big bag),

200 tons for 7-8 mm calibrated chickpeas in a sack (in Big bag),

50 tons for 5-7 mm calibrated chickpeas in a sack (in Big bag).

- If more than one contract is made and/or more than one company, the daily loading rates given above will be distributed evenly on the basis of the contract.

Regarding the product delivered to the buyer in the seller's warehouse:

-If the product delivered to the buyer is not entered into the bonded area of the Mersin Free Zone, the price of the product that is not entered into the bonded area is calculated on the seller's stock sales cost, and the seller will be paid by the buyer at the latest 1 working day from the seller's request date. Otherwise, for the delayed days, the buyer will be charged separately with the interest to be calculated in accordance with the annual "6-month LIBOR + rate" which is valid on the date of payment.

In case of shortage (which exceeds the rate accepted by the seller as normal wastage), avaria or damage during the delivery process of the product to the buyer until the entrance to the bonded area of Mersin Free Zone, the price of the shortage, avaria or damaged goods will be paid to the seller by the buyer within 1 working day at the latest from the date of the seller's request, calculated on the seller's stock sales cost. Otherwise, the buyer will be charged separately for the delayed days, with interest to be calculated with the annual "6-month LIBOR + 6" rate, which is valid on the date of payment.

-If the specified loading period is exceeded by the buyer, after the amount loaded is deducted, a carrying charges of 0.20 USD per ton per day will be charged. The maximum duration of this penalty is 30 days. At the end of this period, the seller has the right to extend or terminate the contract by applying the 0.20 USD MT/day carrying charges (total 0.40 USD MT/day) in addition to the 0.20 USD MT/day in this article.
