implemented in accordance with Executive Order 11888 of November 24, 1975, as modified by subsequent Executive Orders and Presidential Proclamations.

Petitions Requesting Modifications of Product Eligibility

In a notice published in the *Federal Register* on November 1, 2011, USTR announced the initiation of the 2011 GSP Annual Review and indicated that the interagency GSP Subcommittee of the Trade Policy Staff Committee (TPSC) was prepared to receive petitions to modify the list of products that are eligible for duty-free treatment under the GSP program and petitions to waive CNLs on imports of certain products from specific beneficiary countries. On December 7, 2011, USTR announced that the deadline for the filing of such petitions had been extended to December 30, 2011 (76 FR 76477; see also 76 FR 67531).

The GSP Subcommittee of the TPSC has reviewed the product and CNL waiver petitions submitted in response to these announcements, and has decided to accept for review one petition to add a product to the list of those eligible for duty-free treatment under GSP and nine petitions to waive CNLs. Twelve cotton products will also be reviewed for possible designation as eligible for GSP benefits for least-developed country beneficiaries of the GSP program. The cotton products are being considered for GSP eligibility at the initiative of USTR consistent with USTR's December 2011 announcement of trade initiatives intended to enable least-developed countries to benefit more fully from global trade.

A list of all the petitions and products accepted for review is posted on the USTR Web site at <http://www.ustr.gov/trade-topics/trade-development/preference-programs/generalized-system-preference-gsp/current-review-4> under the title "Petitions Accepted in the 2011 GSP Annual Product Review." This list can also be found at www.regulations.gov in Docket Number USTR-2011-0015. No other petitions to modify the list of products eligible for duty-free

treatment under GSP or to grant CNL waivers have been accepted for review. Acceptance of a petition for review does not indicate any opinion with respect to the disposition on the merits of the petition. Acceptance indicates only that the listed petitions have been found eligible for review by the TPSC and that such review will take place.

The GSP Subcommittee of the TPSC invites comments in support of or in opposition to any product or petition that has been accepted for the 2011 GSP Annual Product Review. The GSP Subcommittee of the TPSC will also convene a public hearing on these products and petitions. See below for information on how to submit a request to testify at this hearing.
