

INTERNATIONAL ASSOCIATION OF OPERATIVE MILLERS - EURASIA INTERNATIONAL CONFERENCE & EXHIBITION

MAY 19-22, 2022

Istanbul Lutfi Kirdar International Convention and Exhibition Centre

CONFERENCE & EXHIBITION

Dear Sir/ Madam,

With its 123-year history, International Association of Operative Millers (IAOM) is the world's largest non-profit organization in the field of grain milling which unites grain millers and trade representatives for the development of education and training opportunities in industry-related areas. IAOM with its 10 directorates in the USA and 4 more in other parts of the world offers an international forum for sharing ideas, technological and educational opportunities, discovery of new products and services and networking.

Eurasian Region of IAOM consists of 32 countries with more than 2 billion of population and a total of 7.1 trillion dollars economic magnitude. At the same time, world's largest wheat producers and flour exporters are situated in this region. Russia which is one of the top 5 wheat producers in the world with the production of 71.6 million tons of wheat, alone represents 10% of the world's and 30% of Eurasian region's wheat production. Ukraine with 25 million tons, Kazakhstan with 16 million tons and Turkey with 19 million tons of wheat production are also among these 32 countries.

Turkey which alone exports 30% of the world's flour and holds the first place in flour export for approximately 9 years now, will run Eurasia Region which represents 20 M/T wheat and 12 million tons of flour production in turn and aim to perform over 50% of the global flour export.

As Eurasia Region Directorate we are going to organize conferences and educational events aimed at the development of the grain production and milling industry in Eurasia countries where milling sector has just started developing and therefore contribute to the development and enlargement of sector.

To make it happen and in order to share ideas, carry out research and development activities, develop cooperation between universities, research institutions and in line industries and create strong synergy, we will be honoured and happy to see and invite you in our IAOM Eurasia Conference and Exhibition on May 19-22, 2022. It will be held at the Lutfi Kirdar Convention Exhibition Center, Harbiye / İstanbul / Turkey.

Enclosed you will find registration and sponsorship forms.

Sincerely yours,

Dr. Eren Günhan Ulusoy
Director

Vural Kural
Executive Secretary and Treasurer

Уважаемый господин/госпожа!

Международная ассоциация производителей муки (IAOM) с ее 123-летней историей является крупнейшей в мире некоммерческой организацией в области помола зерна, которая объединяет производителей муки и торговых представителей для развития возможностей облучения и расширения знаний в смежных с отраслью областях. IAOM с 10 дирекциями в США и еще 4 в других частях мира предлагает организовать международный форум для обмена идеями, технологическими и образовательными возможностями, для открытия новых продуктов и услуг и создания сетей.

Евразийский регион IAOM состоит из 32 стран с населением более 2 миллиардов человек и общим объемом экономики 7,1 триллиона долларов. В то же время в этом регионе расположены крупнейшие мировые производители пшеницы и экспортеры муки. Россия, которая входит в пятерку крупнейших производителей пшеницы в мире с производством в 71,6 млн. тонн пшеницы, представляет собой 10% мирового производства и 30% производства пшеницы в Евразийском регионе. Украина с 25 миллионами тонн, Казахстан с 16 миллионами тонн и Турция с 19 миллионами тонн производства пшеницы также входят в эти 32 страны.

Турция, которая экспортирует 30% мировой муки и удерживает первое место по экспорту муки в течение примерно 9 лет, будет управлять Евразийским регионом, который в свою очередь производит 20 млн. тонн пшеницы и 12 млн. тонн муки, и стремится достичь показателя в более чем 50% мирового экспорта муки.

В качестве Дирекции евразийского региона мы собираемся организовывать конференции и образовательные мероприятия, направленные на развитие производства зерна и мукомольной промышленности в странах Евразии, где мукомольный сектор только начал развиваться и, следовательно, способствовать развитию и расширению сектора.

Для этих целей, для обмена идеями, проведения исследований и разработок, развития сотрудничества между университетами, исследовательскими институтами и смежными отраслями, а также для создания глубокого взаимодействия, мы будем рады и будем расценивать это как честь пригласить Вас на нашу конференцию и выставку IAOM Eurasia 19-22 мая 2022 г. Она будет проходить в выставочном центре Lutfi Kirdar Convention, Харбие / Стамбул / Турция.

В приложении вы найдете формы регистрации и спонсорства.

Искренне Ваши,

Эрен Гюнхан Улусой
Директор

Вурал Курал
Исполнительный секретарь и казначей

KONUŞMACILAR / SPEAKERS / СПИКЕРЫ

Prof. Dr. Vahit Kirişçi
