Subject: Invitation to 2023 SCO International Investment and Trade Expo

To: Embassy of Turkey in Beijing

The organizing committee of the 2023 SCO International Investment and Trade Expo (SCO Expo) presents its compliments to the Embassy of Turkey in Beijing and has the honor to invite your esteemed Embassy to organize the national pavilion of Turkey in the SCO Expo.

To thoroughly implement the Samarkand Declaration of the Heads of State Council of the Shanghai Cooperation Organization, and promote trade and investment between SCO countries, China Chamber of International Commerce (CCOIC) and the People's Government of Qingdao Municipality will hold the 2023 SCO Expo from Jun 15 to Jun 18 in China-SCO Local Economic and Trade Cooperation Demonstration Area (SCODA) in Qingdao, which is the only demonstration area for local economic and trade cooperation with SCO countries and countries along the Belt and Road.

Starting from SCO and connecting with the world, the SCO Expo has been successfully held twice since 2019. In 2021, the exhibition area of the SCO Expo reached 21,000 square meters, attracted 442 enterprises from more than 30 countries and regions participated in the exhibition with nearly 100,000 guests visited. More than 400 enterprises participated in the professional matchmaking meeting on the spot, and nearly 300 one-to-one precise match-makings were completed, which effectively promoted the economic and trade cooperation and exchange between the SCO countries.

Following this success, the SCO Expo 2023 will be held in the newly completed SCODA Pearl International Expo Centre, with the exhibition area expanded to 44,200sqm. During the SCO Expo, series of business

activities will be held, such as the SCO Industrial and Supply Chains Forum, a promotion and match-making meeting themed Trade and Invest in the SCO Member Countries, and the SCO Night for business people.

The national pavilion is expected to display trade, investment, culture, tourism and other related content during the Expo, and is also supposed to serve as a permanent window to visitors after. It would be highly appreciated if your embassy could kindly support the following issues:

1. Please recommend Turkey companies to participate the expo. The companies will be displayed in the national pavilion preferentially and if they have extra demand for additional space, they can apply for it to the organizing committee. Free services including domestic round-trip tickets, local accommodation and catering for 3 exhibitors will be provided for the national pavilion. The registration for the exhibitors will be open till May 8, 2023.
2. The organizing committee would like to invite an official from your esteemed Embassy to deliver a speech in the promotion and match-making meeting themed Trade and Invest in the SCO Member Countries designed for commercial counselors, representative of chambers or enterprises and their counterparts. The speaker could present the cooperation opportunities of your country in the fields such as energy, technology, agriculture, tourism, etc. We will invite buyers/investors from the industries of your interest as the audience, and can arrange pre-scheduled B2B matchmaking meetings after the session for these buyers/investors with the speaker or any enterprise/organization that you recommended. To register as the speaker please contact us before April 28, 2023, since the spots for speakers are limited.

The contact for the Expo:

Ms. Isabelle Gong, 010-82217274, gongxin@ccoic.cn

Ms. Fanny, 13810944482, aetda_fanny@163.com

The contact for the Promotion and match-making meeting: Trade and Invest in the SCO Member Countries:

Ms. Molly Yang, 010-82217276, yangjing@ccoic.cn.

The organizing committee of the 2023 SCO International Investment and Trade Expo avails itself of this opportunity to renew to the Embassy of Turkey in Beijing the assurances of its highest consideration.

Encl:

1. General introduction of the expo
2. Requirements and favorable policies for the expo
