- the complaint contains sufficient substantiated evidence, on the basis of which it can be assumed that it was submitted by a proper national producer;
- the complaint provides sufficient substantiated evidence, on the basis of which it can be assumed that the import into Ukraine of fittings for water supply and heating systems originating from the People's Republic of China and the Republic of Türkiye could be carried out at dumped prices, while the level of the dumping margin cannot be considered minimal, and the volumes imports - insignificant in the sense of the Law;
