## SOURCING WITH A CONSCIENCE

At **FUNCTIONAL FABRIC FAIR SPRING**—powered by **PERFORMANCE DAYS®**— we hold ourselves responsible for setting sustainability standards and are fully committed being a driving force that pushes environmentally conscious initiatives forward in the textile industry.

### MEETING CENTERS

We commit fully to minimizing our environmental footprint by partnering solely with meeting centers dedicated to reducing waste. The Oregon Convention Center is at the forefront of championing green building techniques and adopting environmentally conscientious business practices.

### EVENT MATERIALS

In order to significantly reduce waste at our events, all exhibitor booths and decorative show floor furniture are reusable and regenerative. Additionally, all elements of the Functional Fabric Fair show floor are made from fully recycled material.

### EXPERT TALKS

Our Expert Talks Program brings sustainability-focused education directly to the show floor, allowing knowledgeable experts to share best practices and new initiatives with designers, product, purchasing, & material managers.

### FOCUS TOPIC

**COLORIZATION: CHEMISTRY  
IS EVERYWHERE**

“Colorization: Chemistry is Everywhere”, our 2025 Focus Topic that will stretch across our 3 editions, explores the exciting aspects of the field of chemistry and its relation to coloring, including dyeing techniques and materials.

## DAY 0 (ZERO) CONFERENCE: SUSTAINABILITY WORKSHOP

The **Day 0 Conference: Sustainability Workshop** will take place on April 14, 2025, one day before the exhibit hall opens, uniting leading brands, manufacturers & industry experts for an interactive workshop around industry sustainability.

### Format:

The conference will be a hands-on workshop including roundtable discussions with some of the best of the best in our industry!

### Objective:

To establish a foundational level of understanding on what really matters when approaching the sustainability of your products and materials.

### Desired Outcomes:

A solid foundation for understanding the biggest drivers for, components of, and most effective levers of, sustainable action within your brand or company. Further, with interactions between manufacturers and brands, we can (hopefully) improve the empathy for each other's situation and seek understanding that builds trust and cooperation and allows for mutually beneficial solutions.

### Primary Target Audience:

From Brand: This is for an attendee with any and all experience in sustainability. It could be a Material Designer or Developer, Materials Manager, Product Designer or Product Technical Designer, Sourcing Manager, Sustainability Analyst/Specialist or similar.

From Manufacturer: Those who frequently interface with brand personnel
