The Integrated Industrial Partnership for Sustainable Economic Development

The Industrial Partnership for Sustainable Economic Development

Countries

Strategic Sectors

- Agriculture, food and fertilizers
- Pharmaceuticals
- Textiles
- Chemicals, plastics and downstream products
- Metals, minerals and downstream products

Strategic Objectives

- Supply chain security and resilience
- Localization & value-chain synergies
- Integrated value-add manufacturing
- Economic growth, diversification & job creation
- Sustainability-led growth

Three Years of Progress Through the Industrial Partnership for Sustainable Development

May 2022

1st Higher Committee Meeting

- Held in Abu Dhabi, UAE
- Launch of the partnership between the UAE, Egypt, and Jordan
- Governance system activation
- Activation of the Executive Committee and sectoral & enablers teams

July 2022

2nd Higher Committee Meeting

- Held in Cairo, Egypt.
- The Kingdom of Bahrain joined the partnership.
- Workshops for more than 50 companies were conducted.
- 88 proposals for industrial projects were received.

January 2023

3rd Higher Committee Meeting

- Held in Amman, Jordan.
- Announced 12 partnership agreements for industrial projects.
- Workshops for over 100 companies were conducted.
- 35 new proposals for industrial projects were received.

January 2024

4th Higher Committee Meeting

- Held in Bahrain.
- The Kingdom of Morocco joined.
- Announcement of 5 new projects and agreements in the sectors of metals and electric vehicles.

February 2025

5th Higher Committee Meeting

- Held in Qatar.
- The Republic of Turkey and State of Türkiye Join the partnership
- Announcement of 12 new projects and agreements in the sectors of food, metals and electrical equipment worth USD 2 Billion

The economic factors of the partnering countries combined.

2.5 USD Trillion	**260** Million	**7**
GDP	**Population**	**Partnership Countries**
1 USD Trillion	**435** USD Billion	**400** USD Billion
Total Imports	**Manufacturing Value Add**	**Industrial Exports**

Joint investment opportunities

Pharmaceuticals 4

- Generics
- Biosimilars
- Active Pharmaceutical Ingredients (APIs)
- Medical Supplies
- Ophthalmic Drugs
- Vitamins and Dietary Supplements

Metals 3

- Silica production for glass
- Aluminum, copper, and iron products
- Glass
- Raw material supply for securing supply chains

Food and agriculture 2

- Cereals, meat, dairy products, and canned food
- Fertilizers
- Nutritional supplements
- Agricultural technology and sustainable farming methods

Chemicals 1

- Soda ash
- Basic chemicals (PP, PE, PU, etc.)
- Packaging and plastic products
- Construction sector chemicals

Electrical Equipment 4

- Construction and building equipment
- Agricultural equipment and machinery
- Energy equipment and generators

Renewable and clean energy 7

- Solar power units
- Solar cells
- Energy storage batteries
- Inverter assembly and production of solar power system equipment and components

Automotive 6

- Vehicle components (seats, exhaust systems, air conditioning, electrical connections, tires, glass, batteries)
- Structural aluminum parts
- Electric vehicle assembly

Textiles 5

- Textile production
- Polyester

The main partnership projects that have been announced.

Announced and ongoing projects.

#	Project/ Agreement	Investment Size ($)	Countries	Updates
1	Supply of iron ore pellets from "Bahrain Steel" to "Emirates Steel".	2000		The imported materials amounted to AED 1.1 billion from the date of signing the agreement until the end of 2024.
2	Establishment of a factory in Egypt to produce sodium carbonate by "Soda Chemicals Industries" (Egyptian company).	500		Production Start 2028
3	Pharmaceutical research and development and drug production in the UAE by "Global Pharma" (UAE) and "Safi Pharma" (Jordan).	60		Technology has been transferred, and products are being registered in Middle Eastern export countries

Announced and under-development projects.

#	Project/ Agreement	Investment Size ($)	Countries
1	Signing of an agreement to develop an industrial land in East Port Said with an area of 20 square kilometers.	-	
4	Establishment of a complex for producing feed additives and chemicals in Egypt by "CFC" (Egyptian company).	400	
5	Production of biological and chemical eye medications (UAE) by "Gulf Inject" (UAE) in collaboration with "Oman Pharmaceutical Industries" (Jordan).	30	

The value of the projects that will be announced in Qatar on February 9, 2025

USD 2 Billion

#	Project/ Agreement	Value	Countries
1	A supply agreement for fiberglass pipes between "Future Pipes" (UAE) and "Med Gulf" (Qatar).	95	
2	A cooperation memorandum between "Global Pharma" (UAE) and "Zenith Pharma" (Morocco) in the fields of injectable medicines, biosimilars, and cholesterol and diabetes drugs.	50	
3	The inclusion of the "Pharmaceuticals" factory in Egypt and "Fay" in Morocco into the portfolio of "Mubadala Investment Company" (UAE).	250	
4	A memorandum of understanding between "ISC Capital" (UAE) and "Al-Jazeera Farms" (Bahrain) to establish a factory for producing microalgae-based dietary supplements in Bahrain.	10	
5	The announcement of a new factory for cable connectors and accessories in the UAE in collaboration with "Giza Cables" (Egypt).	7	
6	A supply agreement for plastic containers from "Oxid Electronics" (Jordan) to "National Dairy (Hayatna)" (UAE).	10	
7	A supply agreement for plastic bottle caps from "Delta Nile" (Egypt) to "National Dairy (Hayatna)" (UAE).	10	
8	A supply agreement for animal feed from "National Feed" (UAE) to "Al-Rayyan Equestrian Supplies" (Qatar).	15

10	A strategic memorandum of understanding between "Dolidol" (Morocco) and "Intercoil" (UAE) to invest in new sponge production lines in the UAE.	60	
11	A raw materials supply agreement between Bahrain Steel and Qatar Steel for a quantity of 5 million metric tons over a period of five years	1266	
12	Establishment of a factory in Egypt with “JA Solar" (Chinese company) for manufacturing solar cells and solar modules	220	

Steps to submit a project within the industrial partnership

1. Complete the industrial project proposal form and submit to the ministry's working team in the concerned country.
2. Initial assessment of the project, based on alignment with the strategic objectives, feasibility, readiness level, and anticipated impact.
3. Approval for the project from the Executive Committee.
4. Announce the project during the higher Committee meeting.
5. Ongoing monitoring and support of the project
