"NOTICE

on initiation and review of anti-dumping measures on imports into Ukraine of tilt-and-turn devices (mechanisms) for window and balcony door units originating in the Republic of Türkiye in connection with the expiration of the term..."

In accordance with the Law of Ukraine "On Protection of National Producers from Dumping Imports" (hereinafter referred to as the Law), the Interdepartmental Commission on International Trade (hereinafter referred to as the Commission) considered:

the request of the Limited Liability Company "AXOR INDUSTRY" on initiation and review of anti-dumping measures on imports of fasteners, fittings and similar products (except for handles of window and/or balcony door units with a key and/or without a key), made of base metals for use in windows and/or balcony door units with a tilt-and-turn sash originating in the Republic of Türkiye in connection with the expiration of the term of their application (hereinafter referred to as the Request);

report and conclusions of the Ministry of Economy, Environment and Agriculture of Ukraine (hereinafter referred to as the Ministry of Economy) on the results of the procedure for reviewing anti-dumping measures on the import into Ukraine of tilt-and-turn devices (mechanisms) for window and balcony door blocks originating in the Republic of Türkiye in connection with the expiration of their application period.

Based on their review, the Commission established that:

The request was submitted by a domestic producer within the meaning of Article 11 and Part Six of Article 12 of the Law;

The request contains sufficient evidence that the termination of anti-dumping measures will likely result in the continuation of dumping and injury to the domestic producer, since during the period of application of anti-dumping measures, imports of goods originating in the Republic of Türkiye into Ukraine were carried out at dumped prices, which caused injury to the domestic producer.

In connection with the above and in accordance with Articles 12, 18 and 19 of the Law, the Commission adopted a decision dated 22.05.2026 No. AD-601/2026/441-01 "On the initiation and review of anti-dumping measures on the import into Ukraine of tilt-and-turn devices (mechanisms) for window and balcony door blocks originating in the Republic of Türkiye in connection with the expiration of their application period".

Until the Commission adopts a relevant decision based on the results of the review of anti-dumping measures on imports into Ukraine of tilt-and-turn devices (mechanisms) for window and balcony door units originating in the Republic of Türkiye due to the expiration of their application period (hereinafter referred to as the review), **the anti-dumping measures applied by the Commission's decision of 23.04.2021 No. AD-490/2021/4411-03 "On the application of definitive anti-dumping measures on imports into Ukraine of tilt-and-turn devices (mechanisms) for window and balcony door units originating in the Republic of Türkiye" (as amended) have been extended.**
